JUNIOR QUALITY TESTER

## ABOUT ME

*I am currently attending an intensive **Software Tester** Course at the Software Development Academy. I am also preparing myself for the **ISTQB exam**. I participated in **website acceptance tests** as a salesman in Happy Business and at Alte Media. **I tested board games**. I was an author of "From Space" and in Sirius Game studio and Rebel publishing house. I have some knowledge of **building WordPress and Django web applications**.*

*Twenty years of experience working with clients makes me a significant support at every point of contact with the company's clients.*

## TESTING PROJECT

### "Trello" From documentation to BDD automation

Description: Final work for SDA Academy. Testing the Trello application from creating a user story in confluence, through test cases in Test Rail to debugging in Jira.

Additionally, I created a collection of methods in the Postman application. I recorded the Test in Selenium IDE. I used the code exported to Java in the BDD test. Using Gherkin.

Used technologies: Postman, Java, Gherkin, Cucumber, Jira, Test Rail, Confluence, Selenium IDE.
